

FIESTA

The sun brings out the very best in Fiesta's elegant design, turning your backyard into a new and exciting getaway world. Subtle styling and beautiful motif camouflage the solid strength of the uprights within and structural durability throughout.

RESIN TOP LEDGES 6"

Curved top ledges offer a perfect look and an outstanding rigidity.

LEDGE COVERS

Made of Monprene thermo-plastic, they are flexible and perfectly fitted into the pool structure.

WALL

The Azteca wall matches the pearl color of the pool structure.

Salt friendly!

RESIN UPRIGHTS

Pillars of the pool structure, they are reinforced with embossed patterns that insure stabilization of the top ledge. They have profiled and harmonious designs for better rigidity and a perfect look.

STABILIZERS & BOTTOM RAILS

Resin stabilizers safely secure the liner into position and stabilize the wall. Resin bottom rails help to lock the wall into place and permit stability despite ground changes.

YARDMORE BRACELESS SUPPORT SYSTEM

An exclusive buttress-free system, maximizes yard space by eliminating unsightly struts.

Just add water for more summer fun for everyone. Make it a summer-long vacation in your own backyard paradise. It's the perfect place for the kids to play and for you to let your cares drift away. It's a gift of good times your children will always cherish as the years go by.
