

The Cover Saver

Instruction Sheet

1. Close your above ground pool as per manufacturers instruction using the cable and winch
2. Center the cover disk on the winter cover
3. Attach one of the bungee cords with the locking clip to the cable and secure
4. Attach the opposite side of the disk with the cord and secure
5. Then continue around the cover securing the bungee cords as you go
6. When finished it should resemble even-spaced 5-spoke wheel
7. In some cases you may wish to adjust the bungee cords closer on the windward side

NOTE: ALWAYS BE SURE LOCKING CLIPS ARE FULLY SECURED BEFORE RELEASING
