

Pool Toys & Floats

One of the first things you realize as a new pool owner is that there are many fun accessories available to have more fun, relax more comfortably or just enjoy your pool more fully.

Toys & Floats is possibly our most fun category of pool products. Here is where we keep pool floats and lounges, fun inflatables, pool toys and games, swim aids, air pumps and more! When you want to have more fun and more relaxation, In The Swim has got you covered!

POOL FLOATS & LOUNGES

You own a pool to relax, and what better way to relax than floating on a luxurious pool lounge? In our [pool floats & lounges](#) category you'll find inflatable [pool rafts](#) and mattresses, and inflatable loungers, pool chairs, even an inflatable sofa! Love the durability and support from a foam pool lounge? We have half a dozen [foam lounges](#) in bright colors and full sizes, and several soft foam recliner lounges and foam chairs. Recliner pool lounges are also available in pontoon style with thick padded cushions or sling style textured mesh. Over [60 pool floats](#) & lounges in all, from PoolMaster, Texas Rec, Solstice and Swimways, to add comfort and color to your pool!

FUN POOL INFLATABLES

The width and breadth of the fun vinyl inflatable category has grown by leaps and bounds in the last 5 years. We still have the classic inflatable [gators](#), dolphins, sharks and whales, and the original Aqua Rocker and Sea Saw Rocker inflatables, but now have so much more! Giant Ducky, Giant [Flamingo](#), Giant Unicorn, and other fanciful inflatable beasts now join the original [Swan float](#). Food pool floats are popular, but none more than the [pizza slice float](#), or if you prefer fine food floats, our Lobster pool float. Inflatable sun tanning islands, pool rings, inflatable games and even light-up LED pool rafts. Over [40 fun inflatable riders](#), rockers, toys, games, slides and kiddie pools, from GAME, Intex, Margaritaville, Swimline and Swimways.

POOL TOYS & GAMES

Pool toys and pool games for active adults and kids of all ages. Water Sports games are a popular way to enjoy the pool more, and we offer over a dozen [pool basketball and pool volleyball](#) game sets for both inground and above ground pools, and an inflatable water polo goal, too. For the golfer, try one of our [floating golf greens](#) to practice your

chip shot, or to help your kids build strong swimming skills, we have dive sticks, dive games and swim through underwater hoops. We also have adult party games like an inflatable beer pong set, and of course, we have thousands of [pool noodles](#) in stock, in regular and jumbo sizes. Over [30 pool toys and games](#) to entertain kids and adult swimmers.

SWIM AIDS

No one comes into this world naturally knowing how to swim.

[Teaching kids to swim](#) is one of the best benefits of having your own pool. In our Swim Aid department, we carry swim [goggles](#) and swim [masks](#), along with ear plugs and nose clips for swimmer comfort.

Baby pool floats are a great way to safely enjoy the pool with very young children, in our [Baby Buoy](#) or Baby Tugboat pool floats. For slightly older children, we have [Aqua Jogger Jr.](#) learn to swim belt and USCG approved foam [kid life vests](#) in sizes for small children. Older kids and adults both love our pool [kickboard](#) for kick development, or as a fun swim aid.

AIR PUMPS

In the old days, you could blow up the small floats by mouth, or use the fireplace bellows to inflate your larger pool floats, but today you have many more options. We have [electric air pumps](#) that operate on 115 VAC or 12 VDC and battery operated air pumps to quickly inflate pool rafts, rings and riders. We also carry several types of large [foot bellows](#), and a few bicycle pump style [manual air pumps](#) that make the work of inflating today's larger pool inflatables (or inflatable pools) much easier for the modern pool owner.
