

Safety Information

- 1) Always follow the manufacturer's recommendations for the safe use of all hand tools and equipment.
- 2) **Do not** use the Confer-Step for any purpose other than that for which it is intended.
- 3) When lifting awkward or heavy loads, have another person help you.
- 4) Maximum weight on steps **not** to exceed **400 lbs.**
- 5) **WARNING:** Exceeding the recommended weight restriction may cause the unit to fail.
- 6) Consult your local building department before installation of your pool and equipment.

Options available – To make an up-and-over step system with gate as shown for your pool purchase our #Step-Enc Enclosure Kit and an additional #Step-1.

TO WINTERIZE YOUR POOL

We suggest removing your Confer-Step from the pool for the off-season months.

If your Confer-Step is attached to a deck: Two people are required for this operation and it is best to remove the unit while the water is still warm enough so that one person can get into the pool. Disconnect the mounting brackets from the deck. The person in the water can lift the unit up while the person on the deck helps to pull and guide the unit onto the deck. After the unit is on the deck, and the water has drained out of the steps, lay the unit on its back side so that most of the water drains from the side panels.

If getting into the water is not an option the unit can be removed by both people standing on the deck and lifting and tilting the unit to drain some of the water from the steps. After the unit is light enough carefully lift it from the pool. Caution: Use care when lifting the unit. It will weigh at least 130 lbs.

If you have the Confer-Step Enclosure System or Connector System: disconnect the two units by removing the center platform/side rail assembly at the top of the steps. Do not stand on the top step of the outside unit as it may tip. Lift up the unit inside the pool and tilt it so that water drains out of the steps. Once it is light enough carefully lift it over the side of the pool, lay the unit on its back side and allow most of the water to drain from the side panels.

The Confer-Step can be covered, if desired, and stored outdoors.

CONFER PLASTICS, INC. LIMITED, PRO-RATED WARRANTY

Confer Plastics, Inc. warrants their swimming pool ladders to be free from defects in workmanship for one year from date of purchase. After the first year the cost to replace a part is as follows:

STEP-1
